The Honorable Richard Thompson, Speaker  
West Virginia House of Delegates  
State Capitol  
Building 1, Room 462-M  
Charleston, West Virginia 25305

Dear President Tomblin and Speaker Thompson:

In the days and weeks after I submitted my FY 2010 Executive Budget on February 11, 2009, the economy took some rather rapid changes that I determined would have an impact on the revenue available for the next fiscal year. Because of that, a number of areas within the original budget proposal required adjustment to make up for declining projected revenues.

The adjustments I am presenting to you today are based upon the revised revenue estimates for General Revenue and Excess Lottery that were provided to you on March 19, 2009; the addition of spending authority in the federal funds for anticipated Federal Economic Stimulus funding; and other spending adjustments that have arisen since the original submission of the FY 2010 Executive Budget.

Although we have had to reduce our spending to coincide with lower revenue, I must first emphasize that West Virginia remains in a better position than almost any other state. Working within our means, with the Legislature, we are able to make these adjustments for the coming year, rather than being forced to cut existing programs today.

I have not proposed reductions to the programs that serve our most vulnerable citizens, such as the elderly and children, including but not limited to classrooms, nutritional services for the elderly, or basic life services. There should also be no reduction in the state government workforce due to this revision.

The Honorable Earl Ray Tomblin, President  
The Honorable Richard Thompson, Speaker  
May 22, 2009  
Page 2

In preparing the adjustments, I requested that the Legislative and Judicial branches and all Constitutional Officers submit reductions for FY 2010 in the amount of 2 percent of their original recommended General Revenue budget. Additional reductions were requested from departments, agencies, and other entities of the State in both General Revenue and Lottery Funds. Many of the adjustments were based on these agency recommendations. Significant adjustments are also included for programs such as TRAFFIC, Civil Contingency Fund, and OPEB (Other Post-Employment Benefits).

Adjustments to the General Revenue, \$184,100,100, and the Excess Lottery, \$13,700,000 reflect a reduction in recommended expenditures, keeping the expenditures within the revised revenue estimates for FY 2010 and maintaining a balanced budget.

The revisions to the State Road Fund spending authority reflects increases in federal reimbursement and non federal construction and keeps the expenditures within the revised revenue estimates for FY 2010.

The revisions to the federal funds spending authority reflect the estimated Federal Economic Stimulus monies in FY 2010 that will be available to state agencies through the American Recovery and Reinvestment Act of 2009, as well as other adjustments based on federal grant awards made since the original budget submission. The requested level of spending is based upon state agencies' understanding of the funding that will be available and expended during the state fiscal year.

Changes to the special revenue funds spending authority reflect changes that have been reviewed since the original submission of the Executive Budget along with changes for adjustments arising from shifting expenditures from General Revenue to Special Revenue to maintain essential programs for FY 2010.

All adjustments are noted on the attached spreadsheet for your convenience.

Please note I am also recommending the following revisions to the narrative portion of the FY 2010 Budget Bill for your consideration:

**Section 1. Appropriations from general revenue.**

TITLE I – GENERAL PROVISIONS. Sec. 3. Classification of appropriations.

- I recommend deleting the language on line 32 through line 44 as it will no longer be necessary due to the adjustment of funding for activity 289 "Other Post-Employee Benefits – Transfer" in the FY 2010 budget bill.

Department of Commerce

- Item 34 West Virginia Development Office, Fund 0256, Fiscal Year 2010, Org 0307  
(I have recommended activity 341 Highway Authority funding be reduced and the language is not in balance with the revised recommended appropriation. Revise lines 65 through 73 to reduce amounts to each highway authority by 10%.)

## OFFICE OF THE GOVERNOR

The Honorable Earl Ray Tomblin, President  
The Honorable Richard Thompson, Speaker  
May 22, 2009

### Department of Education

- Item 45 State Department of Education, Fund 0313, Fiscal Year 2010, Org 0402  
(I recommend adding reappropriation language for activity 634, High Acuity Special Needs, to meet the requirements of W.Va. Code §18-20-5.)
- Item 47 State Department of Education-State Aid to Schools, Fund 0317, Fiscal Year 2010, Org 0402  
(I recommend adding the following language:

“The above funding for the State Aid to Schools shall be supplemented with additional funding provided under the American Recovery and Reinvestment Act of 2009 to maintain the public education state aid to schools funding formula for FY 2010.”)

### Department of Military Affairs and Public Safety

- Item 77 Division of Juvenile Services, Fund 0570, Fiscal Year 2010, Org 0621  
(I recommend adding reappropriation language for activity 261, Jones Building Treatment Center.)

### **Section 4. Appropriations from lottery net profits.**

- Item 256 Higher Education Policy Commission-Lottery Education-Higher Education Policy Commission-Control Account, Fund 4925, Fiscal Year 2010, Org 0441  
(I recommend adding language to reflect the authority to transfer the Higher Education Grant Program funding as follows:

“The above appropriation for Higher Education Grant Program (activity 164) shall be transferred to the Higher Education Grant Fund (fund 4933, Org 0441) established by W.Va. Code 18C-5-3.”)

### **Section 5. Appropriations from state excess lottery revenue fund.**

I recommend adding language on page 155, line 6 as follows:

“After first funding the appropriations required by W.V. Code §29-22-18a, the director of the lottery shall provide funding from the state excess lottery revenue fund for the remaining appropriations in this section to the extent that funds are available. In the event that revenues to the state excess lottery revenue fund are not sufficient to meet all the appropriations made pursuant to this section, then the director of the lottery shall first provide the necessary funds to meet the appropriation for Fund 7208, activity 482 of this section; next, to provide the funds necessary for Fund 7208, activity 095 of this section; next, to provide the funds necessary for Fund 3517, activity 879 of this section; next, to provide the funds necessary for Fund 3517, activity 775 of this section; next, to provide the funds necessary for Fund 3517, activity 978 of this section. Allocation of the funds for each appropriation shall be allocated in succession before any funds are provided for the next subsequent appropriation.”

The Honorable Earl Ray Tomblin, President  
The Honorable Richard Thompson, Speaker

Lottery Commission-Excess Lottery Revenue Fund Surplus

- Item 265 Lottery Commission-Excess Lottery Revenue Fund Surplus, Fund 7208, Fiscal Year 2010, Org 0705

(I recommend that lines 6 through 33 be replaced with the following language due to proposed elimination of activity 289 Other Post Employee Benefits-Transfer and moving activity 978 to Item 271, Department of Education, fund 3517 in this section.

“The above appropriation for Unclassified – Transfer (fund 7208, activity 482) shall be transferred to the General Revenue Fund.

The above appropriation for Teachers’ Retirement Savings Realized (fund 7208, activity 095), shall be transferred to the Employee Pension and Health Care Benefit Fund.”)

Department of Education

- Item 271 State Department of Education, Fund 3517, Fiscal Year 2010, Org 0402

(I recommend adding the following language to reflect the transfer of funds to the Teachers’ Retirement System {moved from General Revenue} and the movement of activity 978 from Item 265. The language should read as follows:

“ The above appropriation for Retirement Systems - Unfunded Liability (fund 3517, activity 775) shall be transferred to the Consolidated Public Retirement Board – West Virginia Teachers’ Retirement System Employers Accumulation Fund (fund 2601).

The above appropriation for School Access Safety (fund 3517, activity 978), shall be transferred to the School Access Safety Fund (fund 3516).”)

**Section 6. Appropriations of federal funds.**

Executive

- New Item Governor’s Office – American Recovery and Reinvestment Act of 2009, Fund 8701, Fiscal Year 2010, Org 0100

(I recommend adding language that reflects West Virginia’s intent to facilitate the efficient and accountable flow of federal monies related the American Recovery and Reinvestment Act of 2009 for the State Fiscal Stabilization Fund Program {Education Stabilization Fund and Government Services Fund} as follows:

“The above appropriation for Federal Economic Stimulus shall be used in accordance with regulations and guidelines provided by the U.S. Department of Education which include restoring funding levels in the public education funding formula and higher education institutions.”)
